Nancy Glover, PMHNP, joins Sheepscot Valley Health Center

COOPER MILLS – Nancy Glover, Psychiatric Mental Health Nurse Practitioner (PMHNP), treats patients at Sheepscot Valley Health Center in Coopers Mills. Nancy recently made her HealthReach assignment permanent, after providing interim services starting in Fall 2020. In making this decision, Nancy said she most enjoys the atmosphere of teamwork and, “[the] genuine desire to care for patients at our health centers.”

Nancy Glover, PMHNP

Nancy Glover earned both her Master of Science degree with a Psychiatric Nursing concentration, and her Bachelor of Science degree with a Nursing concentration, from the University of Southern Maine. Nancy is a board certified PMHNP. She brings a wide range of experience and expertise.

Nancy works with patients to help them feel their healthiest and most balanced. Her goal is to keep people out of the hospital and to get them the treatment they need to achieve mental health. She shares, “don’t be afraid to reach out if you have a mental illness or think you may have a mental illness. Your mental health is just as important as your physical health.”
