Lovejoy Health Center welcomes Brandy LeClair, LCSW

ALBION—The staff at Lovejoy Health Center will be welcoming Brandy LeClair, clinical social worker, to the practice this winter. With the addition of Brandy to the team, the practice is expanding its counseling services as patients have been pleased with the opportunity to work on issues such as managing a chronic condition and other life stressors and crises right at the health center. Brandy brings experience in outpatient, community and residential social work.

Brandy obtained both her undergraduate and graduate degrees in social work at the University of Southern Maine. Her areas of expertise include children and adolescent individual and group therapy.

Brandy recently shared, “I have decided to join the team at Lovejoy due to my passion for holistic care. Lovejoy provides an environment to combine medical and social work, which has great benefits for patients.”

Brandy will be joining clinical social worker Deb Daigle as well as physicians Dean Chamberlain and David Austin, physician assistant Bobby Keith, family nurse practitioners Kaitlynn Read and Keiko Kurita, and psychiatric mental health nurse practitioner Marta Hall.

Lovejoy Health Center is part of HealthReach Community Health Centers, a group of eleven Federally Qualified Health Centers in Central and Western Maine. Dedicated providers deliver high quality medical and behavioral health care to citizens in over 80 rural communities. To ensure access to everyone, HealthReach accepts Medicare, MaineCare and major insurances. In addition, an Affordable Care Program is available to uninsured and underinsured residents as well as assistance with applications for programs that help with the cost of health care and medications including the Health Insurance Marketplace.

A private non-profit with a 45-year history, HealthReach is funded by patient fees, grants and by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of an award totaling \$4,580,070 with 82.5 percent financed with non-governmental sources. The contents are those of the author and do not necessarily represent the official views of, nor are an endorsement by, the HRSA, HHS or the U.S. Government.
