FOR IMMEDIATE RELEASE

Keep your summer safe with Mt. Abram Regional Health Center

KINGFIELD - Mt. Abram Regional Health Center will present a week of Summer Safety information in celebration of National Community Health Center Week from August 11 through 15.

A Summer Safety table will be available in the waiting area with information focusing on tick and Lyme disease awareness, skin cancer prevention, water safety and secondary drowning, animal bites, fish hooks, and identifying poison ivy, oak and sumac.

Mt. Abram Regional Health Center is located at 25 Depot Street in Kingfield. For more information, call (207) 265-4555 or visit MtAbramCHC.org.

Each year the second week in August is dedicated to celebrating the services and contributions of community health centers. This year's theme is *America's Health Centers: Local Engines for Healthier Communities*. National Health Center Week showcases the importance of these facilities and the impact they have on their communities, providing access to affordable, high quality, cost effective health care to medically vulnerable and underserved people throughout the United States.

Mt. Abram Regional Health Center is a practice of HealthReach Community Health Centers, a system of eleven federally qualified health centers in Central and Western Maine. Dedicated providers deliver high quality health care to citizens in over 80 rural communities. To ensure access for everyone, HealthReach accepts Medicare, MaineCare and major insurances. In addition, we offer an Affordable Care Program to uninsured and underinsured residents and assist with applications for other programs that help with the cost of health care and medications including the new Health Insurance Marketplace. A private, non-profit organization with a 39-year history, HealthReach is funded by patient fees, grants and individual donations.
